# Redistricting reviewed

Under the proposed plan, it will not be necessary to split any of the existing voting precincts. The plan, as set dates for a county-wide clean-up campaign.

During the meeting, committee work groups will be elected at the meeting.

Thursday evening of last week, by a group of citizens who were present for the meeting.

A survey made with Wright Engineering Corporation of Lynchburg, the firm employed by the County to do the redistricting project, is the definition of the county electoral districts.

"Redistricting has changed more in the past 20 years than anyone realizes," said Boatwright, adding, "We sought to create no additional precincts."

It was the general consensus into the Stonewall Electoral District.

Under the proposed new electoral district definitions the Appomattox County Electoral Districts would be as follows: Stonewall Electoral District: Stonewall precinct; total population

Clover Hill Electoral District: Clover Hill precinct, Vera precinct, Spring Creek precinct and Pamplin Church precinct. Rocks precinct; total population

Southside Electoral District: Courthouse precinct, Chappell Gravel Hill precinct and Evergreen precinct. The proposed redistricting would bring the population of each district into line with the levels required by state and federal law.

Britton and Boatwright, took the task of redefining the voting districts for Appomattox County.

Boatwright, along with Britton, thinking of the proposed changes that would confuse the citizens not confuse the Electoral Districts.

SPRING HAS DEFINITELY SPRUNG! In the backyard of Mrs. Addie Judd on Virginia Avenue in Appomattox, spring flowers are blooming in profusion. Among the flowers shown above are the flower bed shown above. Mrs. Judd planted the tulips which are not, as yet, in bloom. The daffodils and hyacinths which are in full bloom were planted by squirrels. From time to time last fall squirrels dug up the bulbs. It turned out to be a beautiful flower bed but think how disappointed the squirrels must have been when they decided to eat the bulbs!

It's finally arrived! Spring, and it's such a nice feeling.

And what is one of the first things that comes to mind when and the birds burst into song? I don't know about you, but I better way to celebrate the drives in the country. What could be more relaxing than picturesque country roads?
